

FIG. 1 is a perspective view of a modular shelving unit 10, showing a main frame 100, a top panel 18, a bottom panel 16, and a side panel 20. The unit includes a plurality of shelves 15 and a set of drawers 262. The unit is shown in a partially exploded view, with the top panel 18 and bottom panel 16 being detached from the main frame 100. The side panel 20 is also shown detached from the main frame 100. The shelves 15 are supported by a plurality of brackets 16. The drawers 262 are supported by a plurality of slides 262. The unit is shown in a perspective view, with the main frame 100 being the central component. The top panel 18 and bottom panel 16 are shown detached from the main frame 100. The side panel 20 is also shown detached from the main frame 100. The shelves 15 are supported by a plurality of brackets 16. The drawers 262 are supported by a plurality of slides 262.
